### **Children at NRRC events**

We obviously welcome and encourage helpers and volunteers at all training days and as representatives of NRRC at Riding Club competitions. However, as part of our ongoing insurance and health and safety assessments of our training events, we would like to remind members that children are not permitted to enter the arena unless riding, or without prior agreement of the instructor.

Children are welcome to watch from the picnic benches at Sproxton Grange but must be accompanied by a non-riding parent or guardian.

### **Evening Socials and Talks**

Evening and social events provide an opportunity to meet other members and learn new skills. We ask that these events be limited to NRRC members or prior agreement of the instructor or Chairperson.

Please share your suggestions for further talks. We are very lucky to have Steph and other experts to call upon to share their skills and experience and use of the lovely training room at Sproxton Grange.
